SEATING FURNITURE

ELESS 425

SPACE MIRACLE. MINIMAL SPACE REQUIREMENT, MAXIMUM POSSIBILITIES.

- Requires little storage space – space-saving and efficient
- Create more seating space through clever use of space
- Chrome-plated or polyamide-coated frame
- Timeless design – stylish and versatile
- Available in various upholstery options
- Also available with HPL coating – Robust and easy to maintain
- Optional high back for added comfort

Thanks to its delicate frame made of solid round steel, the ELESS bar stool with runners has a particularly elegant look, making it ideal for counters and bar counters. Best of all, it is stackable and does not take up much storage space. Different colours, decors and upholstery options allow for individual adaptation to room and colour concepts.

Hiller
