# I AM LISTO 210.

SEATING FURNITURE

LISTO 210

## THE SYSTEM FOR SMART ROOMS. ROBUST. FLEXIBLE. STACKABLE.

- Various seat, backrest and armrest options
- Close stacking for low storage height
- Perfect for events, education and contract furniture

The two-piece LISTO stands out as a system with different backrest shapes and armrest variants. The close stacking allows for a low stacking height, meaning that LISTO requires little space for storage. The tubular steel frame gives the chair high stability and a long service life. LISTO can be linked together in rows, making it suitable for large events.

## DIMENSIONS

- Total height: 800 mm
- Total width without armrest: 480 mm
- Total width with armrest: 560 mm
- Total depth: 560 mm
- Seat height: 460 mm
